

REAL-TIME LEARNING FOR PROFESSIONALS PROGRAM

Do you want to help your employees build the key communication and problem-solving skills that are key to your company's growth and success?

Do you want to decrease time to productivity when onboarding new employees?

Do you want to increase your engagement levels and retention rate by helping your employees navigate common early-career challenges?

OUR PROGRAM

This 6-month program teaches emerging professionals how to thrive by applying the real-time learning framework. Individual coaching and group workshops support your employees' professional growth in the following key areas:

- Building more productive relationships
- Conflict management
- Self-management
- Managing career advancement
- Integrating into company culture
- Diversity & inclusion awareness
- Receiving & integrating feedback
- Being an effective communicator
